STAT

Of all the briefing packages prepared for COCOM exercises that I have reviewed, [redacted] is clearly the finest in terms of its overall quality and scope. I am certain that the January meeting would not have been successful were it not for the thorough preparedness the U.S. team received as a result of this effort.

I hope you will recognize Bud as I have, both for his ability to get the job done and his unswerving dedication to carry out the goal of this Administration to stop the flow of strategic technology to our adversaries.

Sincerely,
